### **SKILLS THAT PLAY A PART**

- Interpersonal skills
- Ability to work in a team
- Work with precision and attention to details
- Strong ability to communicate in English (written and oral)

### **EDUCATION AND TRAINING NEEDED**

- At least 4000 hours of heavy equipment operation experience
- Experience working in open-mine pit is an asset
- Having taken a heavy equipment operation course is an asset

# **NATASHA NAGYOUGALIK**

## **Auxiliary Equipment Operator and Dispatcher**

**MEADOWBANK, AGNICO EAGLE**

Natasha is an auxiliary equipment operator and dispatcher at Agnico Eagle's Meadowbank mine. She began working at Meadowbank in 2010 as a dishwasher, until she saw an opening in the heavy equipment training course in Morrisburg, Ontario.

Upon her successful completion of the course, she began operating machinery on site, starting with haul truck, and made her way through to dozer, loader, excavator, grader, wheel dozer, and ultimately the RH120, an enormous machine.

Natasha made it to the 'top of the ladder' in her machine operation career and is now a dispatcher at Meadowbank. Her responsibilities include tracking all heavy equipment for ore production, and fuel levels, and ensuring everything is where it needs to be.
