

# TRENT TOOTOO JR.

## Heavy Duty Equipment Technician Apprentice

MEADOWBANK, AGNICO EAGLE

Trent is an apprentice heavy duty equipment technician at the Meadowbank mine. Before he was with Agnico Eagle, Trent worked as a mechanic helper for Baker Lake-based Peter's Expediting Ltd. as well as Sarliq/Fournier at the Meliadine site, near Rankin Inlet.

When he started working at Agnico Eagle, he was a level one apprentice heavy duty technician. His day consists of performing preventative maintenance on multiple types of heavy equipment, as well as assisting qualified technicians on bigger jobs including switching out the machines' engines.

Eventually, Trent hopes to become a red seal technician, which is what he considers to be the biggest achievement he could reach within his career path.

He is looking forward to continuing learning and gaining knowledge within his chosen trade.

### JOB GOALS

- Perform preventative maintenance on heavy equipment
- Assist qualified technicians
- Complete eight compensated weeks of technical training in school for all four apprenticeship levels
- Return to Agnico Eagle to complete 1,800 hours on field for each of the four apprenticeship levels

### SKILLS THAT PLAY A PART

- Openness to being temporarily relocated for training
- Good work attendance record
- Dedication to studying and learning
- Excellent interpersonal skills and able to work in a team
- Working knowledge of Microsoft Office software
- Strong English communication skills (written and spoken)

### EDUCATION AND TRAINING NEEDED

- 900 hours of work experience in the trade
- Successful pre-entrance exam
